# sort

Thomas Rathbun, Eric Rogers

# 1   NAME

sorter - sorts all .csv files inside of a directory tree

# 2   SYNOPSIS

./sorter [OPTION]...

# 3   DESCRIPTION

The sorter program traverses the directory tree starting at current directory
unless -d is specified.
OPTIONS

- -c

    – header to sort by

- -d

    – directory to sort

- -o

- the output directory for all sorted files
